# DRIVING BREAKTHROUGH COST SAVINGS FOR SUPPLY CHAIN OPERATIONS

## ABOUT SOURCIFI

At Sourcingifi, we are your premier partner in transforming the complexities of supply chain sourcing into streamlined, efficient processes that propel your business forward. Specializing in the comprehensive sourcing of all things related to supply chain, our mission is to simplify your procurement challenges and optimize your operations from the ground up. Communication, transparency, integrity and the drive to HUNT for your needs, are the pinnacle attributes to our business.

Sourcingifi specializes in sourcing equipment, trailers, reefers, tractors, truck parking, warehouse space, 3PL, M&A opportunities, supply chain talent, early stage business and real estate investment opportunities, nearshoring suppliers, carbon emissions reduction and mpg increase, fuel savings, fleet maintenance, liquidation/recycling and more! The majority of the time this is a FREE service to customers because of the strategic partnership with the vetted suppliers!

## ABOUT TRUCKING TOWER

Before founding Trucking Tower in 2018, Industrial Engineer and CEO Andy Hedrick worked for supply chain technology and consulting companies to market, sell, and implement hundreds of projects with companies spanning Asia, Europe, and North America across 24 years.

Trucking Tower provides consulting, engineering, media coverage, outsourced sales, and outsourced marketing solutions that help supply chain companies boost revenue, decrease costs, and operate more efficiently. Trucking Tower's focus is to help companies experience breakthrough results while using less of their time and money.

## ABOUT CYBERFUELS

The vision of CyberFuels is to be the leading provider of sustainable energy solutions that bridge the gap to a better future. CyberFuels is a wholly owned subsidiary of Encountercare Solutions, Inc. (OTC BB: ECSL). We are committed to offering our customers green energy and sustainable efuels that reduce their carbon footprint and promote environmental sustainability.

Our goal is to empower our customers to make responsible and informed choices that will benefit themselves, their communities, and the environment. Through innovation, collaboration, and a commitment to sustainability, we will create a brighter, cleaner, and more sustainable future for generations to come.
